The ADA: What *YOU* Need to Know

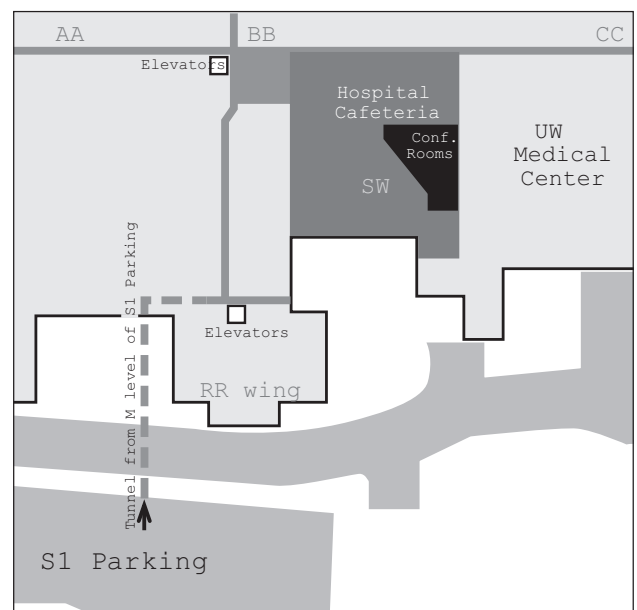

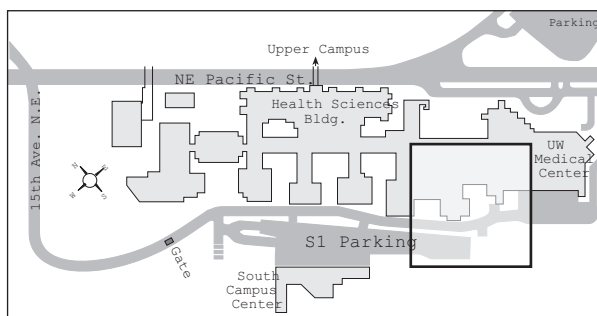

The Americans with Disabilities Act (ADA) is the law that protects people with disabilities from discrimination. How well do you understand this law and how it applies to your daily life? Conrad Reynoldson, of Washington Civil and Disability Advocate (www.wacda.com), will provide practical information for people with SCI who want to better understand their rights under the ADA, including what to do if you suspect a violation and how to advocate for yourself and others. He will also talk about current threats to the ADA and how to take action. (*Continuing education credits will be available for physical and occupational therapists.*)

5:30 PM - 6:30 PM Meet & Greet! Meet in the hospital cafeteria to socialize, network and eat (buy or bring dinner) before heading to the forum. No RSVP—just show up! Please call 206-685-3999 or email csalzman@uw.edu if you would like directions or additional information.

FREE PARKING: Pay cash (\$5) at the gate house before you enter the S1 garage (directions below), and we will give you a coupon for a full refund when exiting the garage. (Refund available at the gate house until 9:00 PM.) Parking reimbursement is made possible by a generous gift from Ernie Franz.

How to get to the UWMC Cafeteria:

- Enter the S-1 parking lot off 15th Ave NE, and park on the M level (see map below).
- Take the tunnel labeled “Hospital” into RR wing (see map on right) and take the elevator up to first floor.
