

Using a Wheelchair or Scooter

RIDING THE BUS Securement on the bus

Before the trip:

- Locate the securement points on your chair. Consider marking with **tape** (on base or frame of chair – nothing removable like an armrest or footrest)
- Know how to lock the brakes
- Put on the seatbelt

Position yourself on the bus:

- In designated area for wheelchair users
- Completely out of the aisle (including packages, footrests, etc.)
- Back up as far as possible in the securement area
- Lock the brakes**

Talk with the driver about:

- Your securement points (“the yellow tape marks my securement point”)
- If you want help (some people like to secure themselves or have a friend help)
- If you want help with the shoulder belt (this goes across you and the chair)
- Where you plan to get off
