ConnectAbility Lab

Thanks to generous funding from the
Craig H. Neilsen Foundation

New *ConnectAbility Lab* at Harborview Medical Center is officially open!

Thanks to generous funding from the Craig H. Neilsen Foundation the new ***ConnectAbility Lab*** at Harborview Medical Center is open!

The ***ConnectAbility Lab*** is focused on Assistive Technology (AT) solutions and offers specialized evaluation and training with cutting edge technology to enhance the independence of those living with a neurologic injury.

During your time in the lab, an Occupational or Speech therapist can evaluate your needs, discuss options and resources available, and provide training in the following areas:

- Computer, Tablet, & Phone Access
- Electronic Aids for Daily Living (EADLs)/Smart Home Technology
- Adaptive Gaming
- Voice Recognition Training
- Augmentative/Alternative Communication Systems (AAC)

If you or someone you know would benefit from these services, a referral for Occupational Therapy or Speech Therapy can be obtained through a physician.

Referrals can be faxed to:

Harborview Medical Center

Comprehensive Outpatient Rehabilitation Program (CORP)

Fax: 206-744-2756

Notes: Please indicate the referral is for Assistive Technology needs

If you have questions or would like additional information, contact HMCAT@UW.edu
